1190

Cloth Tape

Characteristics

1190 is a high quality specially coated, water and sanding resistant adhesive tape with outstanding adhesive power for almost every field of application. This adhesive tape is predominantly used for protection against unintentional damage during sand blasting work.

Can easily be removed after use.

Technical Data

| | |
|--------------------------------------|--|
| Elongation at break | 15 % |
| Thickness | 0,34 mm |
| Tensile strength in length direction | 90,2 N/cm |
| Adhesion to steel | 6,9 N/cm |
| Adhesion to reverse side | 4,2 N/cm |
| Unwind force 0,3m/min | 3,5 N/cm |
| Length | 50 m |
| Width | 50c m |
| Colour | Silver (6.1190.5051) & black (6.1190.5052) |
