

C-ROCK

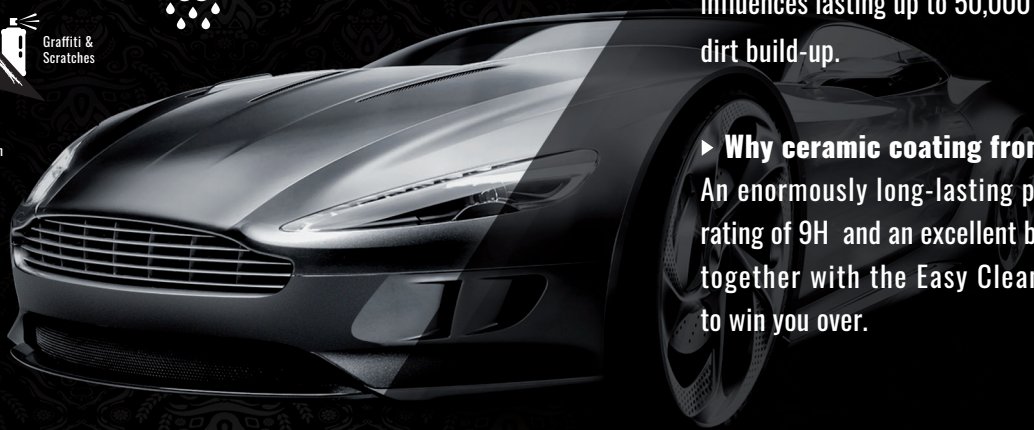

PERMANENT CERAMIC COATING

► Why ceramic coating?

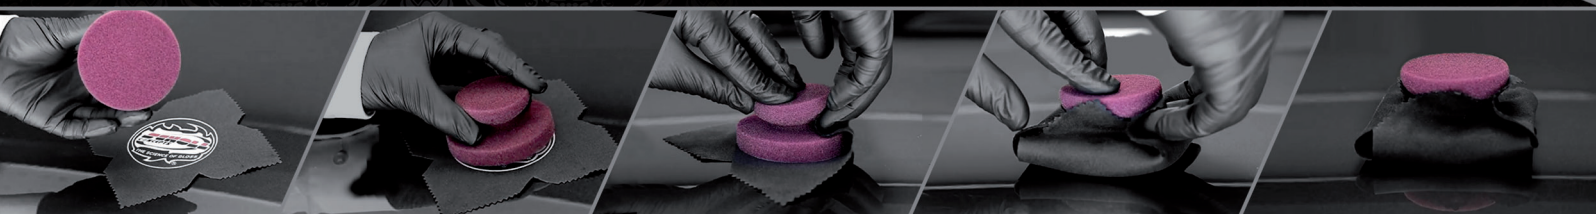

Protect your vehicle from weathering caused by UV radiation, corrosion, and dirt of any kind. C-ROCK Permanent Ceramic Coating offers protection against environmental influences lasting up to 50,000 km and sustainably reduces dirt build-up.

► Why ceramic coating from SCHOLL Concepts?

An enormously long-lasting protection with a hardness rating of 9H and an excellent beading effect (hydrophobic) together with the Easy Clean formula are guaranteed to win you over.
