1170

Fine Line Tape Green

Characteristics

4CR 1170 High Temperature Fine Line Tape uses a thermally stabilized PVC backing with a rubber based pressure sensitive adhesive. This tape is designed to offer a high degree of conformability without excessive stretch. 4CR 1170 will hold and cleanly remove from surfaces in temperatures up to 132°C for at least 30 minutes. 4CR 1170 assures the user of a quick laydown, no residue on demask and a sharp, clean separation line.

Tech Tip

Highly flexible tape for multi colour and design paint jobs. Easy to curve.

Application

Preferred for medium to high temperature applications where a sharp fine line is required. 4CR 1170 is used where a tape must meet a variety of paint masking applications.

Technical Data

Carrier	PVC
Colour	Green
Adhesive	Acrylic (Solvent Based)
Thickness	0.137mm
Width	3mm, 6mm, 9mm and 12mm (+/- 1mm)
Length	55m (+/- 0.1m)
Tensile strength	245 N/100mm
Elongation at break	150 % ASTM-D-1000
Heat resistance	Takes a double bake at 132°C
