

Art.-No.:6.1195.5010

1195

Lifting Tape

Characteristics

1195 is a special designed masking tape. A paper masking tape is combined with a strong polyester film as an insertion lip. 1195 is silicone free.

Application

Special masking applications for rubber sealing on windows, wind shields, sun roofs, hoods and other trunk apertures between bodyparts.

Technical Data

Carrier	Special paper, low crepped
Insertion lip	Polyester film
Total thickness	0,3mm
Adhesive base	modified crosslinked rubber adhesive
Peel adhesion	4 N/cm
Temperature-resistance 1h/°C	up to +150
Special characteristics	water lacquer resistant
UV-resistance	limited
Weather-resistance	limited
Colour	beige
